[How To Generate A Key For Your Android App On A Mac](#)

The screenshot shows the 'Accounts' window in Xcode. The title bar reads 'Accounts'. The menu bar includes: General, Accounts, Behaviors, Navigation, Fonts & Colors, Text Editing, Key Bindings, Source Control, Downloads, and Locations. The main content area is divided into two panes. The left pane has a sidebar with 'Apple IDs' and 'Repositories'. Under 'Apple IDs', there is one entry: 'nikola.breznjak@gmail.com' with a sub-entry 'nikola.breznjak@gmail.com'. Under 'Repositories', there is one entry: 'Ionic\_3rdTutorial' with the URL 'https://github.com/Hitman666/lo...'. The right pane is titled 'Apple ID' and shows the configuration for the selected account. It displays 'Apple ID: nikola.breznjak@gmail.com' and 'Description: nikola.breznjak@gmail.com'. Below this is a table for team membership:

Team Name	iOS	Mac
Nikola Breznjak	Agent	Agent

At the bottom right of the right pane, there is a button labeled 'View Details...'. At the bottom left of the left pane, there are icons for adding (+), removing (-), and settings (gear).
